

Viewing Authorisation Details in BloodSTAR

BloodSTAR allows nurses to view a patient’s **Authorisation Details** and **Treatment Plan**. Information available to users includes, authorisation number, authorisation start and end dates, medical condition, current regimen, treating arrangements, planned treatment dates, as well as other important details. Below shows the steps for viewing a patient’s Authorisation in BloodSTAR.

Confirm a Patient is Authorised to Receive Ig

1. You can see a list of all patients registered to your facility from your home page.

Patient ↑	Authorisation	Dose	Treating Facility	Treating Specialist	End Date	Pending Review	Request Dose
 + Add URN DOB:		No remaining dose.			22-Mar-2024		
 30509629 DOB:					05-Apr-2024		+ Request Dose
 20152215 DOB:					26-May-2024		+ Request Dose
 768316 DOB:					28-Nov-2024		+ Request Dose
 353203 DOB:					21-Feb-2024		

2. Alternatively, you can use the search function to look up individual patients. You need three identifiers, e.g. **FAMILY NAME**, **Given Name**, **Date of Birth**, **URN** and/or **Authorisation Number**.

The screenshot shows the BloodSTAR search interface. At the top, there are navigation links for Home, Patients, and Treatment. Below this, the text 'Authorised Patients at The Canberra Hospital' is displayed. The search form includes several input fields: FAMILY NAME, Given Name, Date of Birth (with a calendar icon), URN, Authorisation Number, and Pending Review (with a checkbox). There are also dropdown menus for Treating Specialist Given Name, Treating Specialist Family Name, Medical Condition, Product, and Specialist Diagnosis/Review. Below the form, there are checkboxes for 'Administering facility (where product will be given or infused)' and 'Treating facility (where the patient is diagnosed and clinically reviewed)'. At the bottom right, there are buttons for 'Search', 'Search and Export', and 'Clear'.

3. Click on the number in the **Authorisation** column to view the patient's **Current Authorisation** details.

Patient ↑	Authorisation	Dose	Treating Facility	Treating Specialist	End Date	Pending Review	Request Dose
[Redacted]	[Redacted]	No remaining dose.	[Redacted]	[Redacted]	22-Mar-2024	✓	
+ Add URN DOB: 14-Mar-1950	[Redacted]	[Redacted]	[Redacted]	[Redacted]	05-Apr-2024	✓	+ Request Dose
30509629 DOB: 01-Jun-1985	[Redacted]	[Redacted]	[Redacted]	[Redacted]	26-May-2024		+ Request Dose
20152215 DOB: 19-May-1983	[Redacted]	[Redacted]	[Redacted]	[Redacted]			

4. This will open the details of the patient's **Current Authorisation** and their **Treatment Plan**.
