MyABDR Website

The MyABDR website allows users to track their own treatment and displays all entries recorded by the users. It includes treatments, bleeds, surgeries, stock on hand, memos, received products and discards. A MyABDR patient's product inventory can be maintained by the patient via MyABDR.

Figurer 1: MyABDR Homepage

Multifactor Authentication (MFA)

Multi Factor Authentication has been introduced to login to the MyABDR website and mobile application. Users are required to enter their email address and password and then provide authentication by:

- **Email (click a link and receive a code)**
- **Okta Verify App (receive a code)**
- **Okta Verify App (push notification)**
- **Phone (receive a code)**

The mobile number and email used for authentication is the same as the one used for your account. The Okta Verify Authentication App can be downloaded from the [Google Play Store](#) or [Apple Store](#). The app must be linked to your account using the QR code.

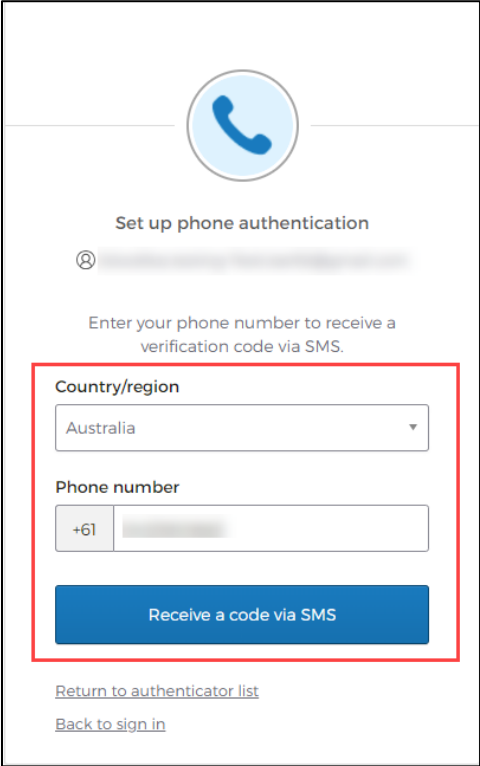

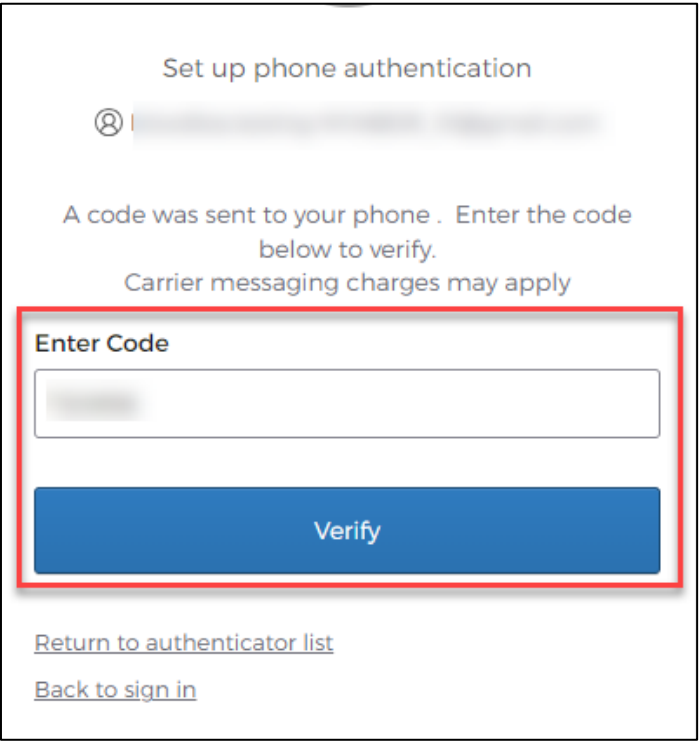

Users will be required to enter their email address and password along with a verification code each time they login.

1 First Login with MFA

Perform the following procedure If you are an existing user:

Steps	Actions
1.	<p>Navigate to MyABDR - Login if not already there. Enter your Email and Password and select Sign in.</p> <p>Result: Get a verification email pop-up window appears.</p>
2.	<p>Click on Send me an email.</p> <div data-bbox="493 533 1315 1146" style="border: 1px solid black; padding: 10px; text-align: center;"> <p>Get a verification email</p> <p> bloodbss.testing+TestUser94@gmail.com</p> <p>Send a verification email to [redacted] com by clicking on "Send me an email".</p> <div data-bbox="541 880 1273 987" style="border: 2px solid red; padding: 5px; background-color: #4a86e8; color: white; margin: 10px auto; width: 80%;">Send me an email</div> <p>Verify with something else</p> <p>Back to sign in</p> </div> <p>Result: A verification code will be sent to your email.</p>
3.	<p>Enter the 6-digit verification code you have received on your registered email and select Verify.</p> <div data-bbox="561 1290 1244 1998" style="border: 1px solid black; padding: 10px; text-align: center;"> <p>Verify with your email</p> <p> [redacted]</p> <p>We sent an email to [redacted] Enter the verification code in the text box.</p> <div data-bbox="577 1570 1228 1854" style="border: 2px solid red; padding: 5px;"> <p>Enter Code</p> <input data-bbox="593 1630 1206 1693" type="text"/> <div data-bbox="593 1742 1206 1832" style="background-color: #4a86e8; color: white; padding: 5px; margin-top: 10px;">Verify</div> </div> <p>Verify with something else</p> <p>Back to sign in</p> </div> <p>Result: A Set up security methods pop-up window will appear.</p>

Steps	Actions
4.	<p>To Set up security methods via phone (if already not set up), select Set up button.</p> <div data-bbox="502 302 1305 1205" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: fit-content;"> <p style="text-align: center;">Set up security methods</p> <p style="text-align: center;">  </p> <p style="text-align: center;">Security methods help protect your account by ensuring only you have access.</p> <p>Set up required</p> <div style="display: flex; align-items: center; margin-bottom: 10px;"> <div style="border: 1px solid #00a0e3; border-radius: 50%; width: 40px; height: 40px; display: flex; align-items: center; justify-content: center; margin-right: 10px;">  </div> <div> <p>Phone</p> <p>Verify with a code sent to your phone Used for access or recovery</p> </div> </div> <div style="text-align: center; margin-bottom: 10px;"> <div style="border: 2px solid red; padding: 2px 10px; display: inline-block; text-decoration: none; color: inherit;">Set up</div> </div> <p style="text-align: center;">Back to sign in</p> </div> <p>Result: Set up Phone authentication pop-up window will appear.</p>

Steps	Actions
<p>5.</p>	<p>Enter your phone number and click on Receive a code via SMS to receive a 6-digit verification code.</p> <div data-bbox="663 336 1145 1099" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: fit-content;">  </div> <div data-bbox="341 1115 1449 1211" style="border: 1px solid red; padding: 5px; margin-top: 10px;">  <p>If you haven't received an SMS within 10 minutes, click Send again.</p> </div>
<p>6.</p>	<p>Enter the code you have received on your phone and click Verify.</p> <div data-bbox="555 1294 1257 2033" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: fit-content;">  </div>

Steps	Actions
7.	<p>If you would like to set up Okta Verify as an alternative security method, please proceed to Heading 5: Setting up Okta Verify on mobile app otherwise, click Continue.</p> <div data-bbox="496 336 1315 1321" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%;"> <p style="text-align: center;">Set up security methods</p> <p style="text-align: center;">  </p> <p style="text-align: center;">Security methods help protect your account by ensuring only you have access.</p> <p>Set up optional</p> <div style="display: flex; align-items: flex-start; margin-bottom: 10px;"> <div style="text-align: center; margin-right: 10px;">  </div> <div> <p>Okta Verify</p> <p>Okta Verify is an authenticator app, installed on your phone or computer, used to prove your identity</p> <p>Used for access</p> <div style="border: 2px solid red; padding: 2px; display: inline-block; margin: 5px 0;">Set up</div> </div> </div> <div style="text-align: center; margin-bottom: 10px;"> <div style="border: 2px solid red; padding: 5px; display: inline-block; background-color: #0070c0; color: white; font-weight: bold; font-size: 1.2em;">Continue</div> </div> <p>Back to sign in</p> </div>
8.	<p>Security methods set up is now complete. User can now select one of the following Multi Factor Authentication options to login into MyABDR.</p>

Steps	Actions
-------	---------

Verify it's you with a security method

 [blurred]

Select from the following options

-  **Email**
[blurred]@[blurred].com
-  **Enter a code**
Okta Verify
-  **Get a push notification**
Okta Verify
-  **Phone**
+61 XXX XXX [blurred]

[Back to sign in](#)

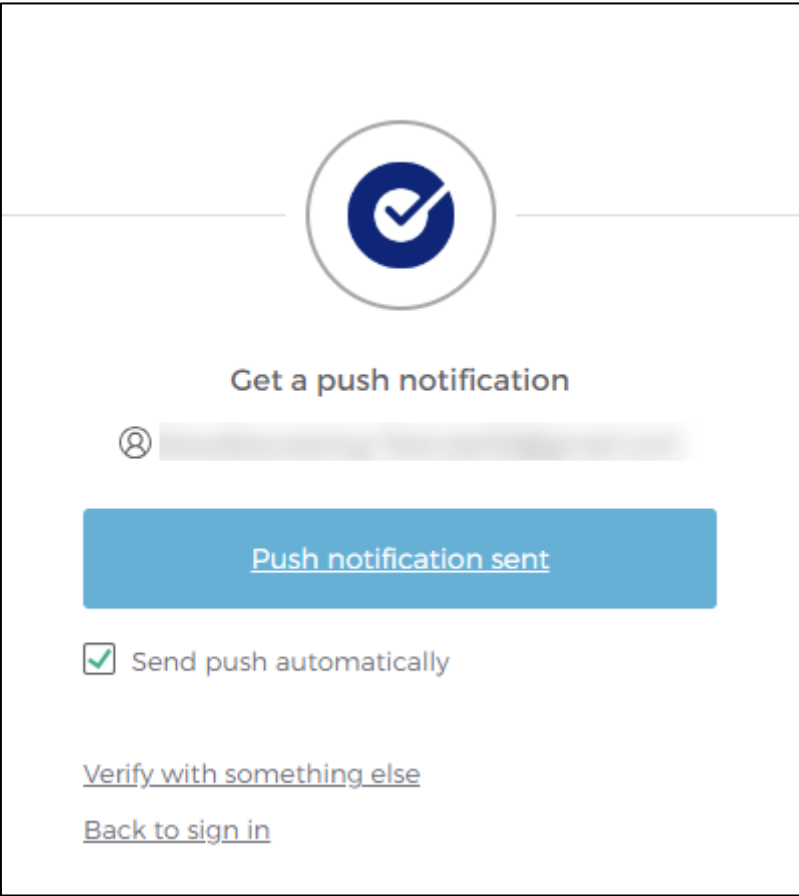

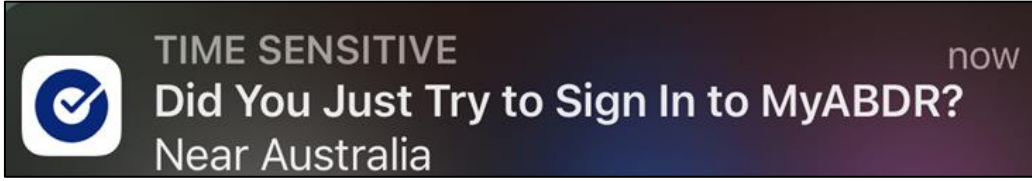

Result: You can now access **MyABDR** Homepage and navigate the system as required.

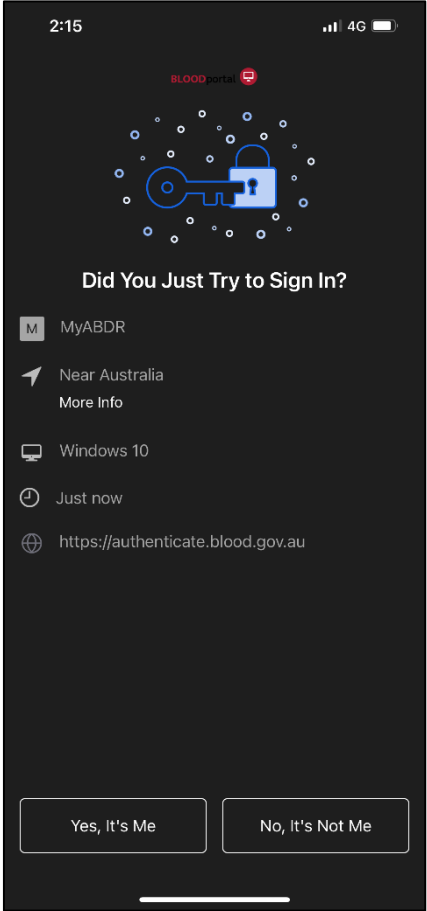

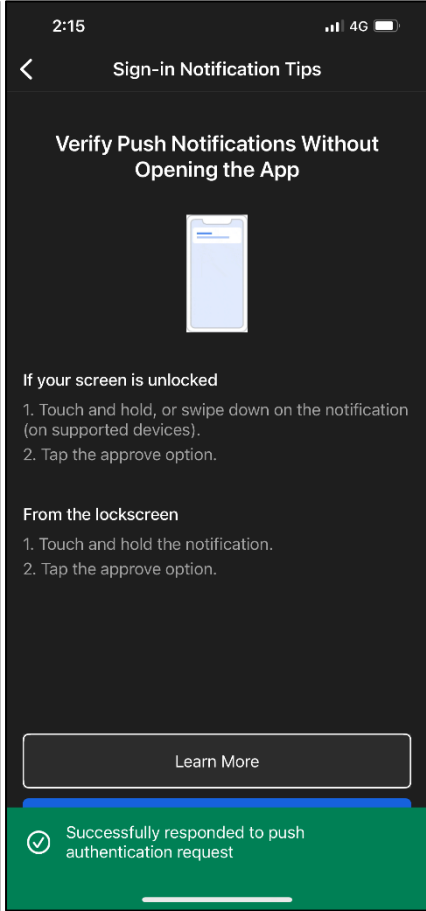

The screenshot shows the MyABDR homepage. At the top left is the MyABDR logo. To its right is a user profile section with a blurred name. Below the logo is a navigation menu with icons and labels for Home, Treatments, Details, Inventory, and Reports. The main content area starts with a 'Welcome to MyABDR' message. Below this are three prominent green buttons: 'Record Treatment', 'Record Product', and 'Treatment Plan'. Underneath these buttons is a 'Stock on Hand' section containing a list with one item: 'Biostate 250 IU x 6'. At the bottom is a 'Notifications (0)' section with the text 'There are currently no notifications.'

1.1 On-going Login Process

Perform the following procedure if you are an **existing user**:

Steps	Actions
1.	Navigate to MyABDR - Login if not already there. Enter your Username and Password and select Sign in . Result: Verification security methods pop-up window appears.
2.	After the first login and selection of a verification method, future logins will remember and use the chosen method until the user changes to Verify with something else . <div data-bbox="504 539 1307 1431" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%;">  </div> <div data-bbox="341 1431 1466 1532" style="border: 1px solid red; padding: 5px; margin-top: 10px;">  Enabling Push Notifications is recommended to reduce time taken to login using the Okta app. </div>
3.	You will receive a Time Sensitive notification on the mobile. <div data-bbox="386 1637 1422 1816" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%; background-color: #333; color: white;">  </div> <div data-bbox="341 1816 1445 2022" style="border: 1px solid red; padding: 5px; margin-top: 10px;">  <ul style="list-style-type: none"> Using push notification is the quickest way to get into the account and user does not require to add a verification code. User will only be prompted to receive a 6-digit verification code if user have chosen different security method. A one-time verification code will be sent to your chosen method. </div>

Steps	Actions
4.	<p>Click Yes, it's me.</p> <div style="display: flex; justify-content: space-around;">   </div> <p>Result: You can now access MyABDR Homepage and navigate the system.</p>

Steps	Actions
5.	<p>You will receive an alert notification sent automatically to your email to confirm you are attempting to sign on. If this is not you, click on Report Suspicious Activity.</p> <div data-bbox="550 331 1262 1668" style="border: 1px solid black; padding: 10px;"> <p>New sign-on notification</p>  Support <support@blood.gov.au> To [redacted] <small>If there are problems with how this message is displayed, click here to view it in plain text.</small></div> <p style="text-align: center;">BLOODportal </p> <hr/> <p>National Blood Authority - New sign-on detected for your Okta account</p> <p>Hi [redacted]</p> <p>Your Okta Account [redacted] was just used to sign-in from a new or unrecognized device, browser, or application.</p> <p>Sign-In Details</p> <p>CHROMIUM_EDGE - Windows 10 Sun, August 4, 2024 Canberra, Australian Capital Territory, Australia IP: 203.13.3.110</p> <p>Don't recognize this activity?</p> <p>Your account may have been compromised; we recommend reporting the suspicious activity to your organization.</p> <p style="text-align: center;">Report Suspicious Activity</p> <p><small>The security of your account is very important to us and we want to ensure that you are updated when important actions are taken.</small></p>

2 Forgot Password

Perform the following procedure if you have forgotten your **password**:

Steps	Actions
1.	<p>Select the Forgot Password? link on the MyABDR homepage. Result: A Reset your password pop-up window appears.</p>

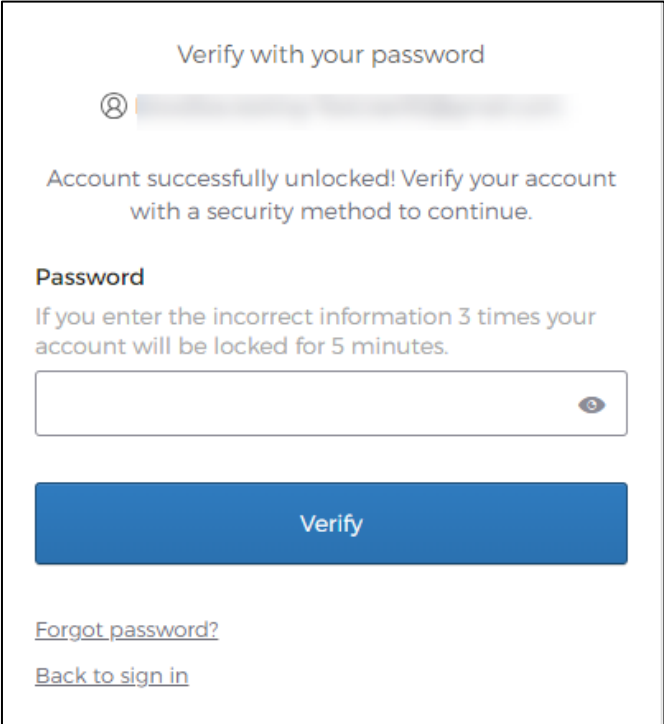

Steps	Actions
2.	<p>Enter your Username and select Next.</p> <div data-bbox="501 300 1307 1115" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%;"> <p style="text-align: center;">Reset your password</p> <p>Email</p> <input style="width: 100%; height: 30px; margin-bottom: 10px;" type="text"/> <div style="text-align: center; margin-bottom: 10px;"> <input style="width: 80%; height: 30px; background-color: #0056b3; color: white; border: none;" type="button" value="Next"/> </div> <p>Provide the email last linked to your account. If your email has changed you can update it when you are logged in. You can choose to receive a verification code by email or SMS. If you need support, please contact the Blood Operations Centre on 13 000 BLOOD (13 000 25663).</p> <p style="text-align: center;">Back to sign in</p> </div> <p>Result: Verify security methods pop-up window will appear.</p>
3.	<p>Select one of the following options.</p> <div data-bbox="501 1223 1307 1955" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%;"> <p style="text-align: center;">Reset your password</p> <p style="text-align: center;">@ [blurred]</p> <p style="text-align: center;">Verify with one of the following security methods to reset your password.</p> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="display: flex; align-items: center; gap: 10px;"> <div style="text-align: center;">  </div> <div> <p>Email</p> <p>[blurred]@[blurred].com</p> </div> <div style="border: 1px solid #ccc; padding: 5px 10px; border-radius: 5px;"> <p style="text-align: center; color: #0056b3; margin: 0;">Select</p> </div> </div> <div style="display: flex; align-items: center; gap: 10px;"> <div style="text-align: center;">  </div> <div> <p>Phone</p> <p>+61 XXX XXX [blurred]</p> </div> <div style="border: 1px solid #ccc; padding: 5px 10px; border-radius: 5px;"> <p style="text-align: center; color: #0056b3; margin: 0;">Select</p> </div> </div> </div> <p style="text-align: center; margin-top: 10px;">Back to sign in</p> </div>

Steps	Actions
	<p>Result: A Verification Code will be sent based on the option user chooses. Enter the 6-digit Verification Code and select Verify. A window will appear with the option to create a new password.</p> <div data-bbox="336 369 1445 465" style="border: 1px solid red; padding: 5px;">  This code expires in 10 minutes. </div>
<p>4.</p>	<p>Enter new password and select Reset Password.</p> <div data-bbox="497 521 1310 1942" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%;"> <div style="text-align: center;"> <h3>Reset your password</h3> <p> [redacted]@[redacted].com</p> </div> <p>Password requirements:</p> <ul style="list-style-type: none"> • At least 14 characters • A lowercase letter • An uppercase letter • No parts of your username • Password can't be the same as your last 10 passwords <p>New password</p> <input style="width: 100%; height: 30px;" type="password"/> <p>Re-enter password</p> <input style="width: 100%; height: 30px;" type="password"/> <div style="text-align: center; margin-top: 20px;"> <p>Reset Password</p> </div> <p style="font-size: small; margin-top: 20px;">Provide the email last linked to your account. If your email has changed you can update it when you are logged in. You can choose to receive a verification code by email or SMS. If you need support, please contact the Blood Operations Centre on 13 000 BLOOD (13 000 25663).</p> <p style="text-align: center;">Back to sign in</p> </div> <p>Result: You can now access MyABDR Homepage and navigate the system as required.</p>

3 Unlock Account

Perform the following procedure if you have forgotten your **username**:

Steps	Actions
1.	<p>If you enter the incorrect information 3 times your account will be locked for 5 minutes. Alternately you can unlock your account. Click on Unlock account? on Sign in page. Result: Verify security methods pop-up window will appear.</p>
2.	<p>Enter your Username and follow the prompts to Verify the security method.</p> <div data-bbox="491 533 1318 1326" style="border: 1px solid #ccc; padding: 10px; margin: 10px auto; width: fit-content;"> <p style="text-align: center;">Verify it's you with a security method</p> <p style="text-align: center;">Select from the following options</p> <p>Email</p> <div style="border: 1px solid #ccc; height: 25px; margin-bottom: 10px;"></div> <div style="display: flex; justify-content: space-between; align-items: center;"> <div style="text-align: center;">  <p>Email</p> </div> <div style="border: 1px solid #ccc; padding: 2px 10px;">Select</div> </div> <div style="display: flex; justify-content: space-between; align-items: center; margin-top: 10px;"> <div style="text-align: center;">  <p>Phone</p> </div> <div style="border: 1px solid #ccc; padding: 2px 10px;">Select</div> </div> <p style="text-align: center; margin-top: 10px;">Back to sign in</p> </div> <p>Result: A Verification Code will be sent based on the option user chooses. Enter the 6-digit Verification Code and select Verify. Verify with your password window will appear.</p> <div data-bbox="341 1417 1445 1514" style="border: 1px solid #ccc; padding: 5px; margin-top: 10px;"> <div style="display: flex; align-items: center;">  <p>This code expires in 10 minutes.</p> </div> </div>
3.	<p>Enter the password to log in to your MyABDR account.</p>

Steps	Actions
	

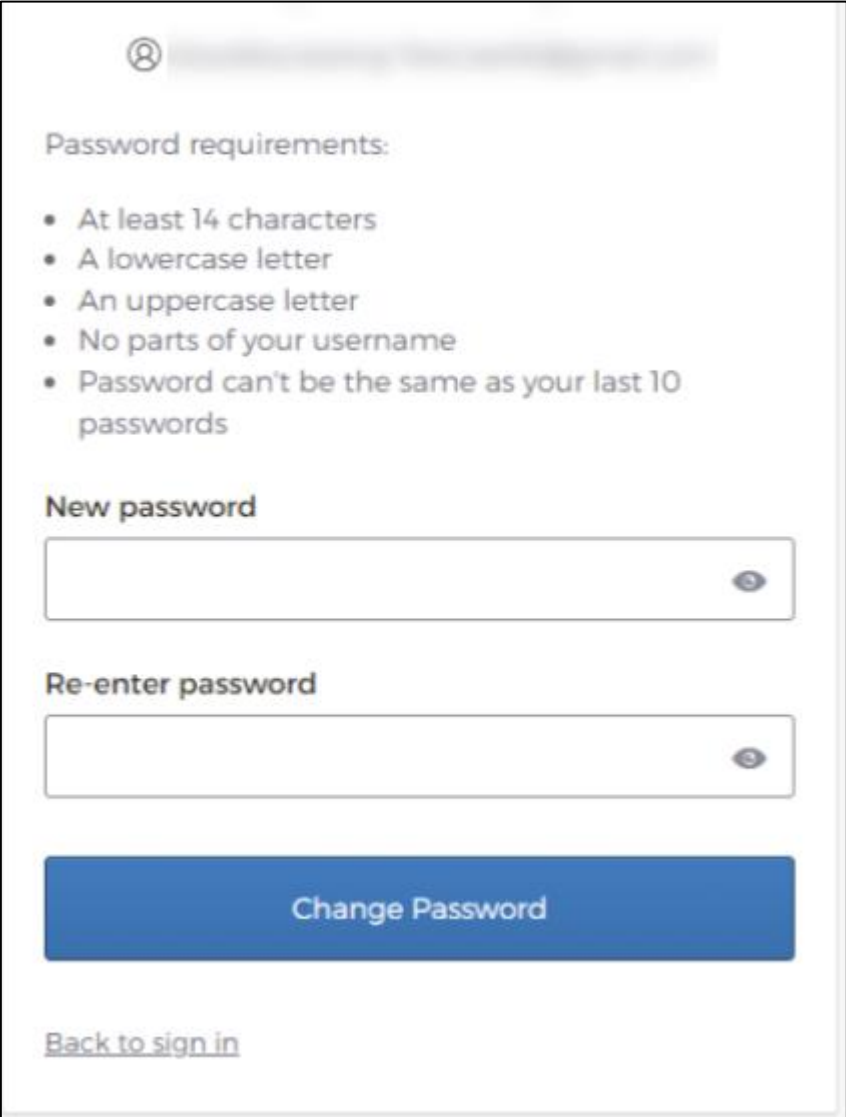

4 New User/Click here to register

Perform the following procedure to create a new BloodPortal Account:

Steps	Actions
1.	<p>If you are a new user, go to MyABDR - Login and click the MyABDR Account Login hyperlink, located directly below the Sign in button.</p> <div data-bbox="352 1261 1506 1357" style="border: 1px solid red; padding: 5px;">  You can add this link to your Favourites bar for ease of access for the next time you log in. </div> <p>Result: The MyABDR registration page will open.</p>

Steps	Actions
	<div style="border: 1px solid #ccc; padding: 10px;">  <h3>MyABDR Registration</h3> <p>I request to access and input MyABDR data for the following patient/s</p> <div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 10px;"> <p>Patient Details</p> <p>ABDR ID (if known): <input type="text"/> <small>On ABDR treatment patient card. Optional</small></p> <p>Given Name: * <input type="text"/></p> <p>Family Name: * <input type="text"/></p> <p>Date of Birth: * <input type="text"/> <input type="button" value="📅"/></p> <p>My Relationship to Patient: * <input type="text"/></p> <p>Haemophilia Treatment Centre: * <input type="text"/></p> <p style="text-align: center;"><input type="button" value="Add Another Patient"/></p> </div> <div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 10px;"> <p>My Details</p> <p>Email Address: * <input type="text"/></p> <p>Confirm Email Address: * <input type="text"/> <small>This email address will be used to log in to MyABDR and for password resets.</small></p> <p>Given Name: * <input type="text"/></p> <p>Family Name: * <input type="text"/></p> <p>Mobile Phone: * <input type="text"/> <small>Password resets will also be sent to this number via SMS.</small></p> </div> <div style="border: 1px solid #ccc; padding: 5px;"> <p>Security Questions</p> <p>Security Question 1: * <input type="text"/></p> <p>Answer 1: * <input type="text"/></p> <p>Security Question 2: * <input type="text"/></p> <p>Answer 2: * <input type="text"/></p> <p>I accept the Terms and Conditions. * <input type="checkbox"/> Click here to view the Terms and Conditions.</p> <p>I confirm the details provided are true and correct: * <input type="checkbox"/></p> <p style="text-align: center;"> <input type="button" value="Submit"/> <input type="button" value="Cancel"/> </p> </div> </div>

Steps	Actions
	<div style="border: 1px solid red; padding: 5px;">  <ul style="list-style-type: none"> Fields marked with a red Asterix (*) are mandatory to create a MyABDR account and for the NBA to confirm your identity before granting access. The Email Address and Mobile Phone number you provide will be used if you forget your Username or Password. Keep your personal information such as email or phone number, up to date. Log into MYABDR and change your Account details if/as required. Two (2) additional verification questions have been implemented to enhance the security of your account. These will be prompted in case of a locked account, forgotten username or password reset is required. If you have any concerns regarding privacy of your personal information, refer to http://www.blood.gov.au/privacy or email privacy@blood.gov.au before selecting 'Accept'. The privacy@blood.gov.au email is sent to a Group "Freedom of Information" mailbox that includes a member of the Legal Counsel and the Executive team. A temporary password for your new account will be sent to your nominated email address and mobile phone number. </div>
2.	Complete the form, click on the <input type="checkbox"/> checkbox to view the Terms and Conditions and click Accept and Submit to continue.
3.	<p>If Step 2 succeeds, you will be taken to the Account Registered screen, indicating your account has been registered.</p> <div style="border: 1px solid red; padding: 5px;">  <ul style="list-style-type: none"> A Temporary Password will be sent to your nominated email address and mobile phone number within 30 seconds. The first time you login with your Username and Temporary Password, you will be prompted to Set up password. </div>
4.	Once you set up a password as per password requirements, Click Change Password .

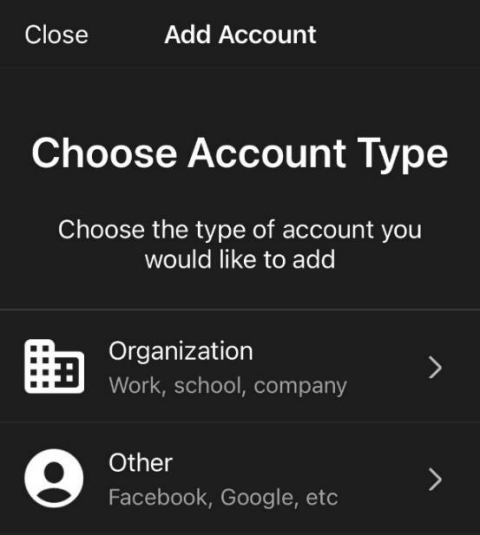

Steps	Actions
	<div data-bbox="501 248 1351 1361" style="border: 1px solid black; padding: 10px;">  <p>Result: Set up security methods popup screen appears.</p> </div>
5.	To Set up security methods, please refer to Heading 1 First Login with MFA and follow the steps.

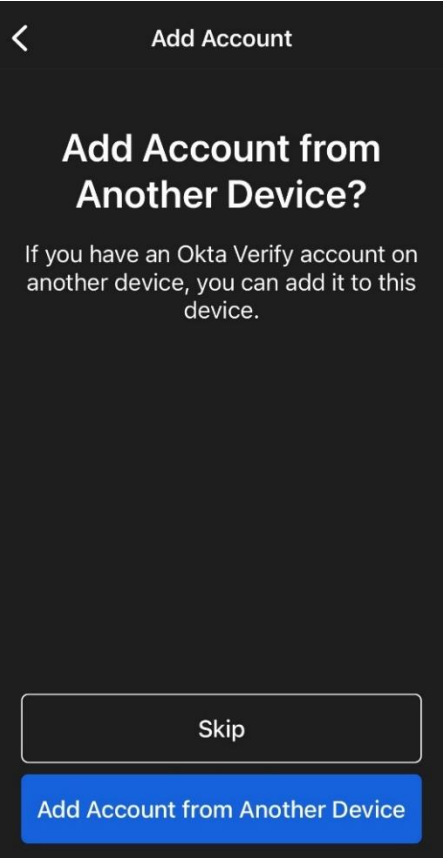

5 Setting up Okta Verify on mobile app

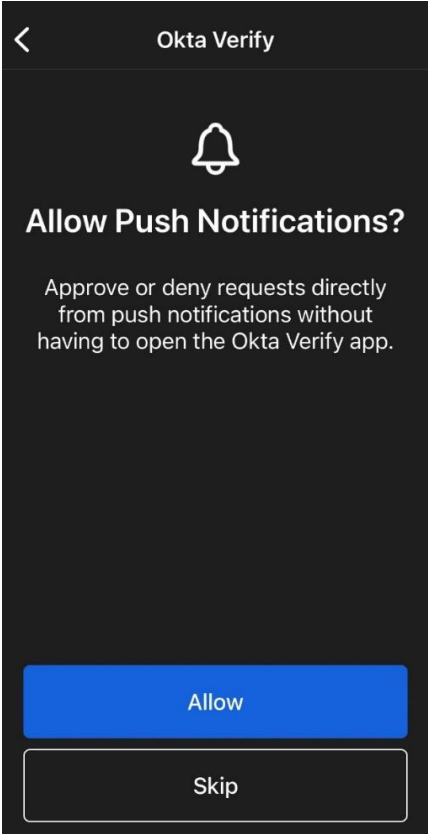

Steps	Actions
1.	<p>To set up Okta Verify, select Set up.</p> <div data-bbox="501 367 1308 1464" style="border: 1px solid black; padding: 10px; margin: 10px auto; width: 80%;"> <p style="text-align: center;">Set up security methods</p> <p style="text-align: center;">  </p> <p style="text-align: center;">Security methods help protect your account by ensuring only you have access.</p> <p>Set up optional</p> <div style="display: flex; align-items: center; margin-bottom: 10px;"> <div style="text-align: center; margin-right: 10px;">  </div> <div> <p>Okta Verify</p> <p>Okta Verify is an authenticator app, installed on your phone or computer, used to prove your identity</p> <p>Used for access</p> <div style="border: 2px solid red; padding: 2px; display: inline-block; margin-top: 5px;">Set up</div> </div> </div> <div style="text-align: center; margin-bottom: 10px;"> <div style="background-color: #0070c0; color: white; padding: 10px 20px; border-radius: 5px; display: inline-block;">Continue</div> </div> <p style="text-align: center;">Back to sign in</p> </div> <p>Result: A QR code will generate on the screen and prompt you to download Okta Verify app.</p>

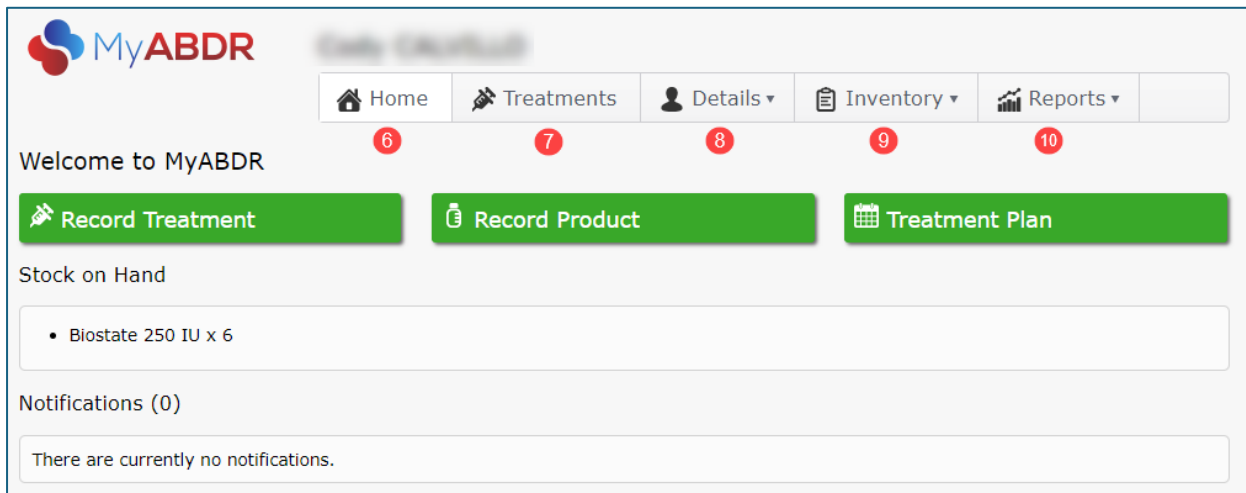

Steps	Actions
	
2.	<p>Download the Okta application and open on your device.</p> <ul style="list-style-type: none"> • For Android Devices, please download the app from the Google Play Store. • For Apple Devices, please download the app from the Apple Store
3.	<p>Tap the + sign on the top right-hand corner or alternatively, tap Add Account.</p>

Steps	Actions
	
<p>4.</p>	<p>Tap Organisation.</p> 

Steps	Actions
5.	<p>Tap Skip, unless you are adding account from another device.</p> 
6.	<p>Okta will prompt you to scan the QR code found in step 1 to link your account.</p> 

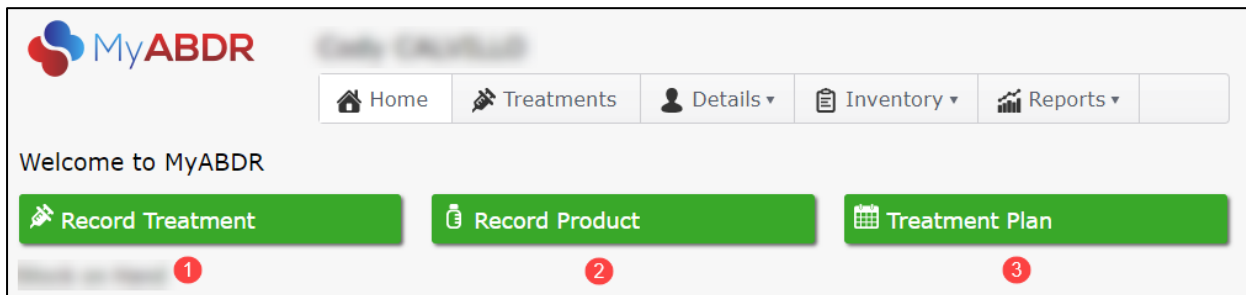

Steps	Actions
7.	<p>Once scanned, tap Allow Push Notifications.</p> <div data-bbox="689 297 1118 1128" style="text-align: center;">  </div> <div data-bbox="338 1180 1469 1350" style="border: 1px solid red; padding: 5px;">  <ul style="list-style-type: none"> • Enabling Push Notifications is recommended to reduce time taken to login using the Okta app. • Using push notification is the quickest way to get into the account and user does not require to add a verification code. </div>

MyABDR Homepage Menu

6 Home

MyABDR page has shortcuts on the homepage for quick access to record treatments and bleeds, manage treatment product stock and view treatment plan.

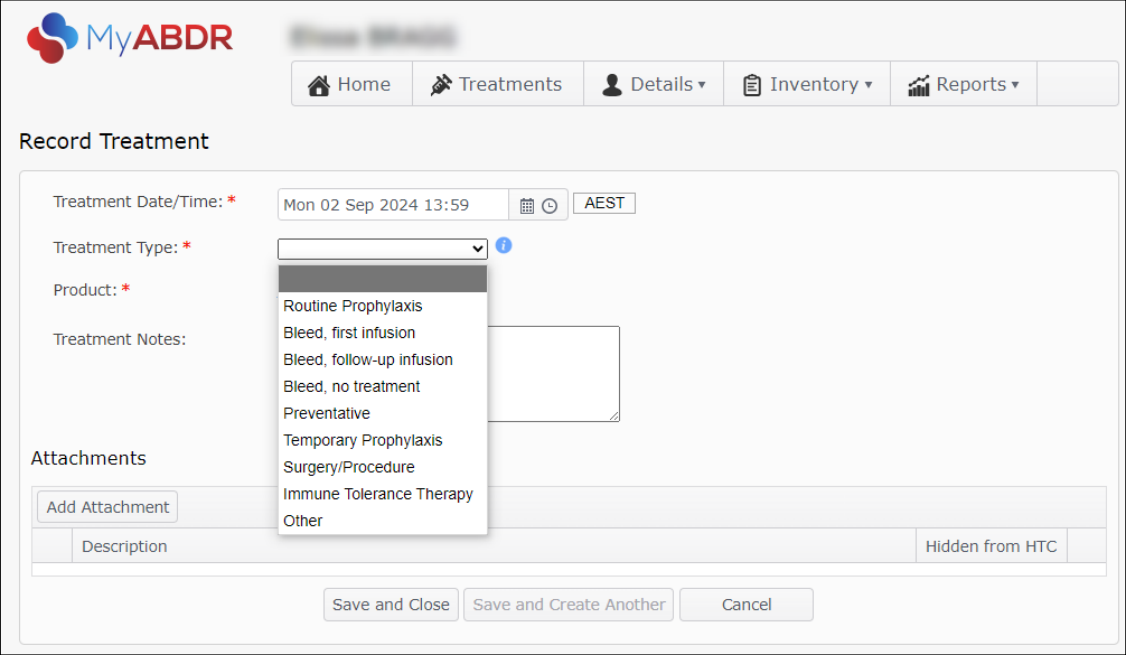

1 Record Treatment

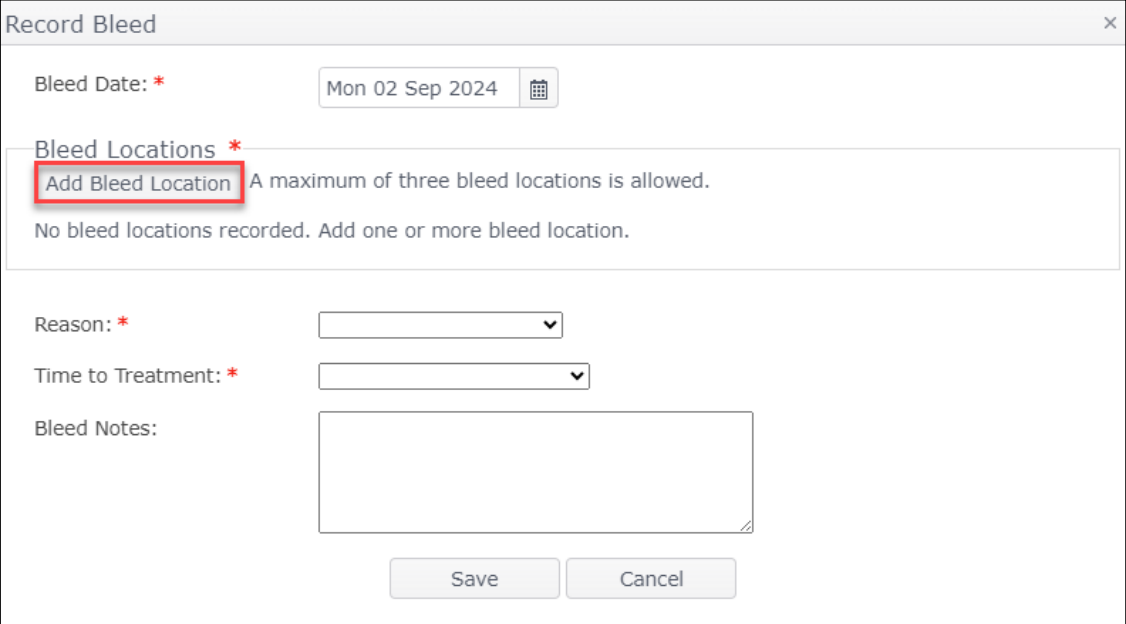

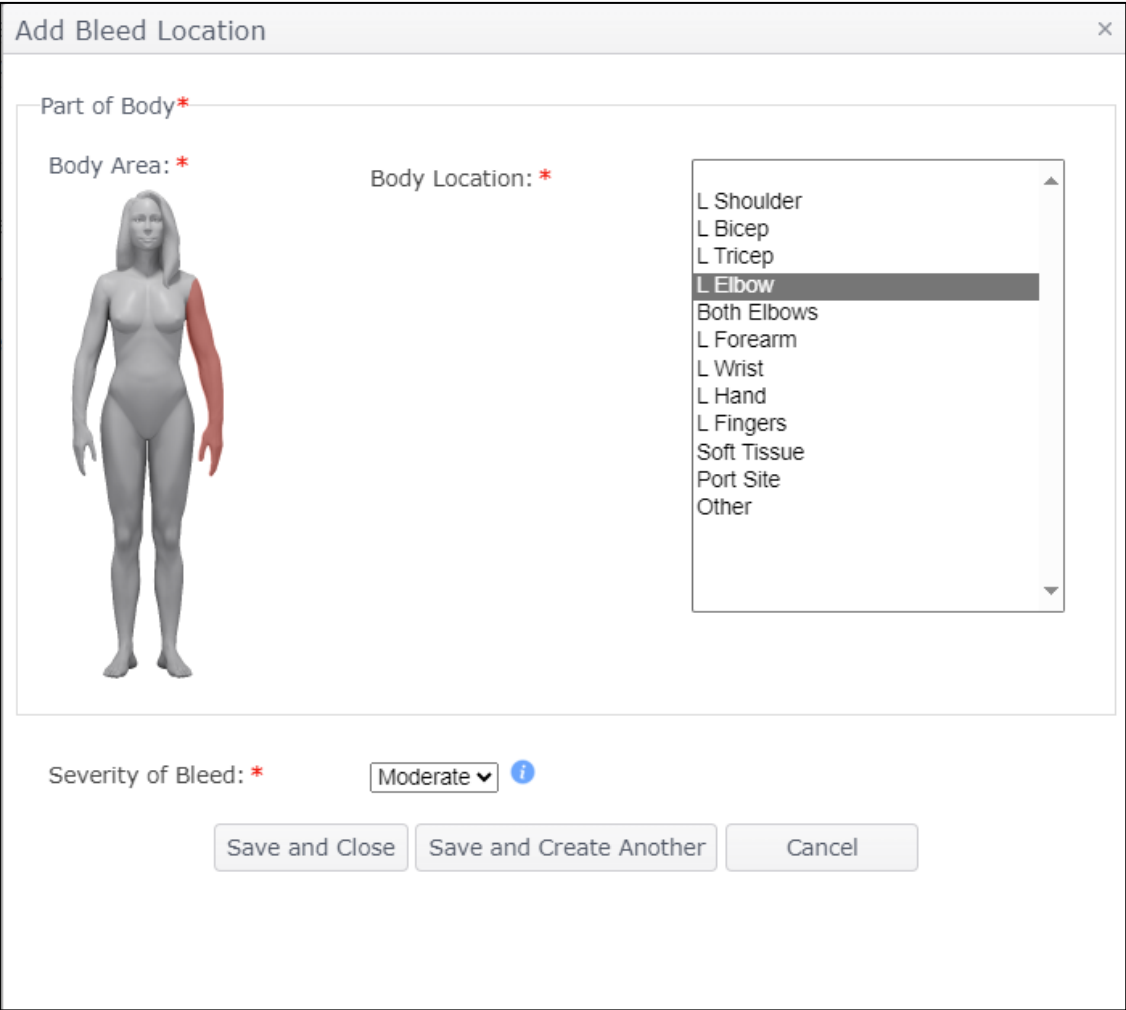

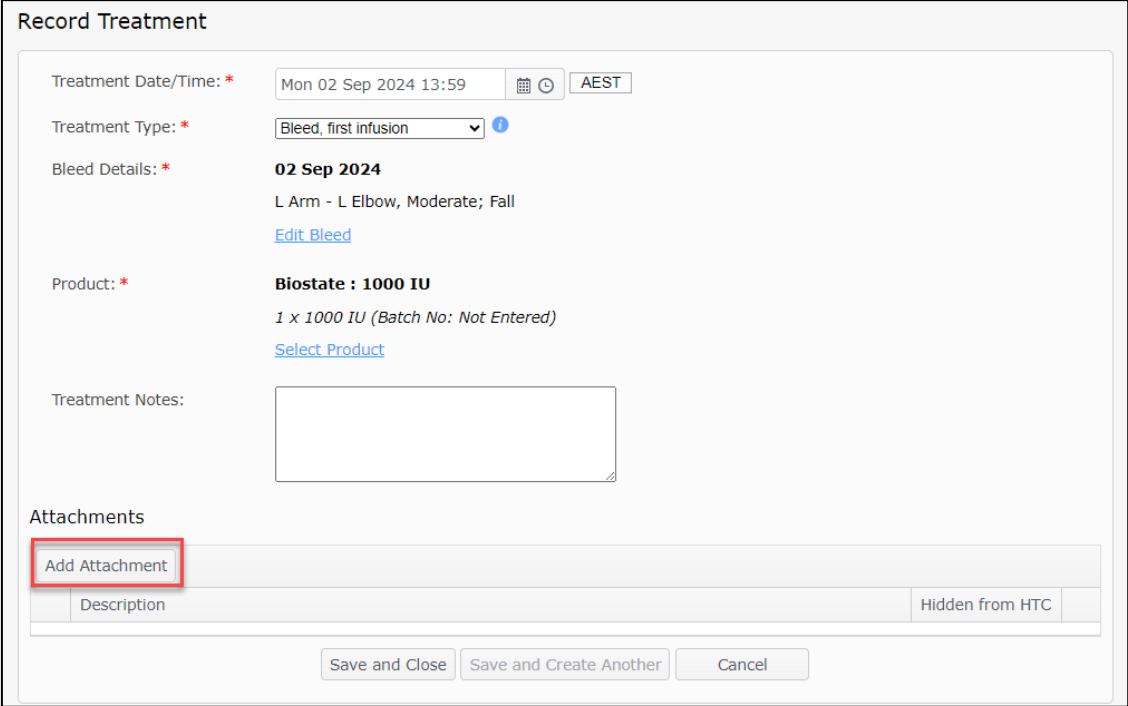

A patient cannot record treatments in MyABDR unless their Stock On Hand has sufficient quantity of product, therefore it is critical that a patient’s Product Inventory is kept up to date.

Perform the following procedure to record treatment:

Steps	Actions
1.	Select the Record Treatment shortcut on the home screen.
2.	Enter Treatment Date/Time and the Treatment Type . <div style="border: 1px solid red; padding: 5px; margin-top: 10px;">  <p>Options may vary depending on treatment type user chooses.</p> </div>

Steps	Actions
	 <p>Tap on the  information icon for a list of the treatment definitions:</p> <ul style="list-style-type: none"> • Routine Prophylaxis - Your regular treatment to prevent “spontaneous” bleeds occurring. • Bleed - Treatment for a bleed, including follow-up treatments. • Preventative - Treatment before activity to prevent bleeds. • Temporary Prophylaxis - Short-term regular treatment to manage a specific bleed or joint problem. • Surgery/Procedure - Treatments before, during or after surgery or a medical/dental procedure. • Immune Tolerance Therapy - Treatment for inhibitors involving frequent doses of factor concentrates over a long period of time in an attempt to train the body to recognise • the treatment product. • Other - Treatments for other reasons. Type in the reason.
3.	<p>A Bleed field will appear underneath (Only if user selects Bleed, first infusion/ Bleed, follow-up infusion/Bleed, no treatment). Select the Bleed and it will open a Add Bleed Location.</p>

Steps	Actions
	
<p>4.</p>	<p>Then select Add Record Bleed.</p>  <p>Select Body Area, Body location and Severity of Bleed. Select Save and Close.</p>

Steps	Actions
	 Tap on the  information icon for a list of the severity definitions. <ul style="list-style-type: none"> • Minor Bleed is barely noticeable. It does not make you uncomfortable or have any effect on what you normally do during the day or how you do it. • Moderate Bleed makes you uncomfortable. It affects how you do the things you routinely do every day. • Major Bleed is very painful or uncomfortable. It stops you from doing normal daily activities. It may keep you awake when you are trying to sleep. You may need to go to hospital for treatment or review. <p>Enter the Reason of the bleed, Bleed Notes and select Save.</p>
5.	If you have more than one Location, select Add Bleeding Location or select Save to continue.
6.	Select Products to add product. Select the product type used and select Save .
7.	<p>Photos of injury and bleeds can also be added by selecting Photos.</p> 
8.	Upload photo from your Camera/Gallery and Select Save and Close .

2 Record Product

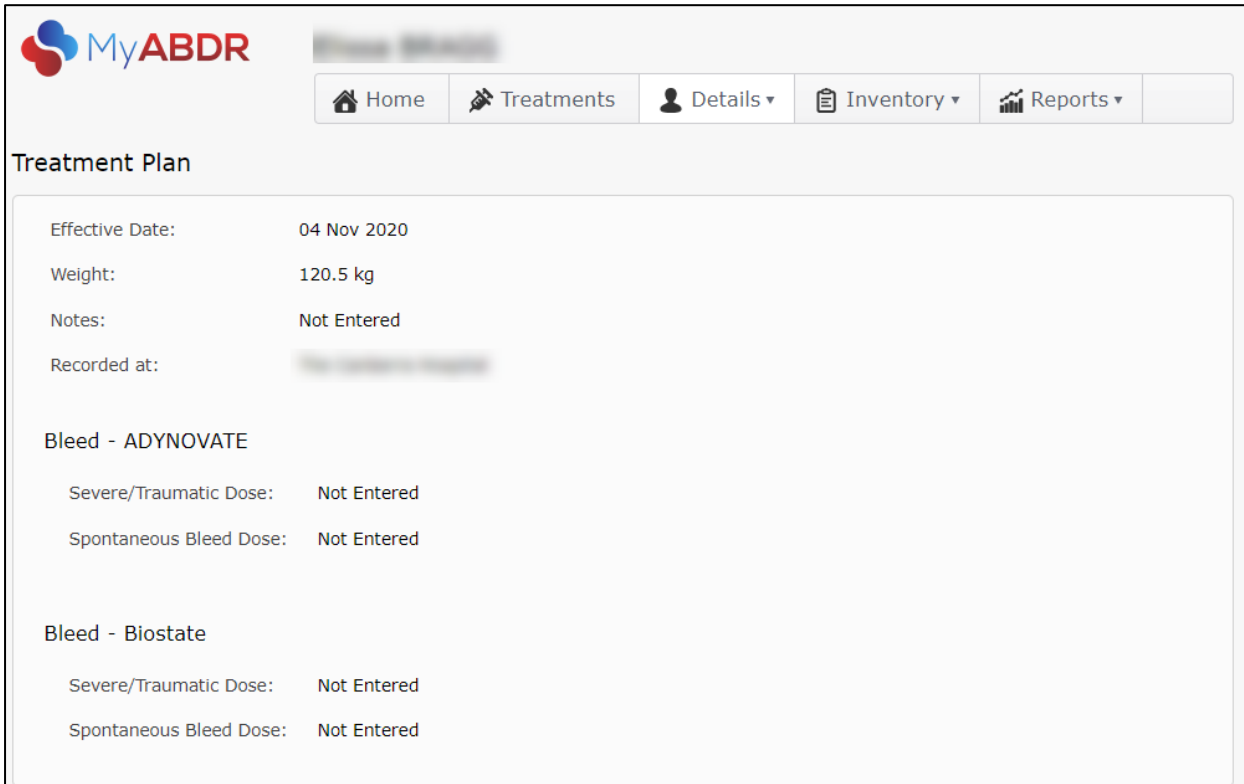

It is important add your treatment product stock to your inventory first before recording a treatment. Perform the following procedure to record treatment:

Steps	Actions
1.	Select Record Product on the home screen. You can either Copy a Previous Product or fill out all the fields marked with an * Astrix.

Steps	Actions

 A Treatment can also be recorded by selecting **Record Treatment** in the **Treatments** tab.

8 Details

Details tab enables users to update and manage patient information effectively in MyABDR. Users can update, view and manage following selections:

- Weight/Height
- Treatment Plans
- Memos
- Update Contact And Delivery Details
- Request Patient Card
- Change Privacy Consent.

The screenshot displays the MyABDR web application interface. At the top left is the MyABDR logo. A navigation bar contains buttons for Home, Treatments, Details (highlighted with a red box), Inventory, and Reports. A dropdown menu is open under the Details button, listing the following options: Weight and Height, Treatment Plan, Treatment Types, Memos, Contact Details, Delivery Details, Contacts, Patient Cards, and Change Privacy Consent. Below the navigation bar, the main content area shows a welcome message, a status indicator 'Less than an hour since last MyABDR recorded treatment', and two green buttons: 'Record Treatment' and 'Record Product'. Below these are sections for 'Stock on Hand' (listing 'Biostate 1000 IU x 7') and 'Notifications (0)' (stating 'There are currently no notifications.').

9 Inventory

This tab facilitate efficient product management by enabling users to monitor the inventory. User can view, record, track and manage the product for effective inventory management through following selections:

- Stock On Hand
- Received Products
- Discarded Products

The screenshot shows the MyABDR dashboard. At the top left is the MyABDR logo. Below it is a navigation bar with buttons for Home, Treatments, Details, Inventory, and Reports. The Inventory button is highlighted with a red box, and its dropdown menu is open, showing three options: Stock On Hand, Received Products, and Discarded Products, all also highlighted with a red box. Below the navigation bar, there is a welcome message, a status indicator 'Less than an hour since last MyABDR recorded treatment', and three green buttons: Record Treatment, Record Product, and Treatment Plan. The main content area shows 'Stock on Hand' with a list containing 'Biostate 1000 IU x 7' and 'Notifications (0)' with the message 'There are currently no notifications.'

 It is important to add your treatment product stock to your inventory first before recording a treatment.

10 Reports

The Reports tab provide users with the ability to download the data over the selected time period for the following selections:

- Product Use - a bar chart showing the total amount of each product used per month
- Time to Treatment - a pie chart showing the number of bleeds recorded for selected time period
- Bleed Location over Time - a pie chart showing the number of bleed events recorded for selected time period and body location
- Product Treatment over Time - a stacked bar chart showing the total amount of product per used month
- Bleeds Overtime - a bar chart showing the total number of bleed events recorded in the selected time period
- Data Extract - allows user to download treatment, bleed and product use data to a Microsoft Excel spreadsheet
- Treatments and Bleeds - allows user to download treatment and bleeds for selected time period

The screenshot shows the MyABDR dashboard with the Reports button highlighted in the navigation bar. The Reports dropdown menu is open, showing seven options: Product Use, Time to Treatment, Bleed Locations over Time, Product Treatment over Time, Bleeds over Time, Data Extract, and Treatments and Bleeds. All options in the dropdown menu are highlighted with a red box. The rest of the dashboard layout is identical to the previous screenshot.
