We manage and coordinate arrangements for the supply of blood, blood products and blood services in Australia. Under the national blood arrangements, our role is to deliver an uninterrupted supply of blood and blood products to Australians in need.

Being a small agency, employees at the NBA are in a unique position to influence decisions and outcomes for the blood sector and seeing the positive impacts of their work on users of blood products, blood related products and blood related services.

The NBA office is located on Northbourne Avenue in Lyneham and has recently undergone renovations to allow for modern, comfortable office space with the technology needed to collaborate effectively. The office is serviced by the Macarthur Avenue Light Rail stop and has onsite parking available.

This reflects the nature of the NBA as a relatively small, specialist Agency and our limited capacity to backfill vacant positions for short periods within the limits of available finance and human resources.

Having regard to the flexible work requirements outlined above, the duties and responsibilities in this Job Description are subject to change and may be modified at any time for operational requirements.
